Maths task:

This week in maths we have been learning doubling to 10. At home you can help your child to practice doubling. Say a number and ask your child to find that number of objects, e.g. spoon, apple, cup, teddy, etc. Then ask your child to double it, e.g. if your child had 3 apples, they would double that amount. Encourage your child to say: Double 3 is 6. Repeat activity with other objects.
