

PSHE – Relationship Education Knowledge Organiser - Coleman Primary School (Year 2 Summer 1)

In Year One you were...:

- Learning about growing up
- Understanding about caring families
- Learning about changes in responsibilities

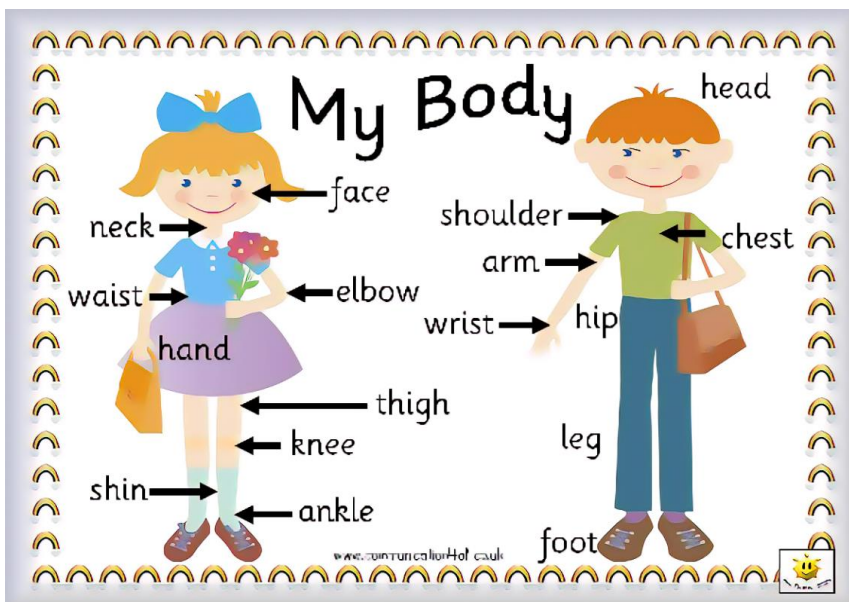

You will learn

- To know names for the main external parts of the body
- To know the names of the private parts of a human body using scientific vocabulary vulva, vagina, testicles and penis
- To know what their bodies can do and understand how amazing their body is
- To know that their body belongs to them
- To know some basic personal hygiene routines and understand how these can prevent the spread of disease

Vocabulary

Germ	An organism that can cause diseases
Hygiene	Ways in which we stay healthy and prevent disease through cleanliness
Private	Belonging to use and for no one else
Penis	Doctor name for a male part of the body.
Testicles	Doctor name for the body part behind the penis
Vagina	Doctor name for a female part of the body

External Body Parts?

Doctor Names

For some parts of our bodies we have family names that we use. There are also doctor names that we need to learn. These parts of our body are sometimes called our private parts.

The Pants Rule is very important!

Personal Hygiene

As you grow up you need to become responsible for your own personal hygiene

In Year Two you will...:

- Learn the external parts of the body
- Learn how amazing your body is
- Learn the importance of germs and handwashing
