

What am I made from?

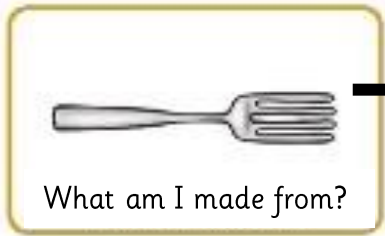

Wood

What am I made from?

Glass

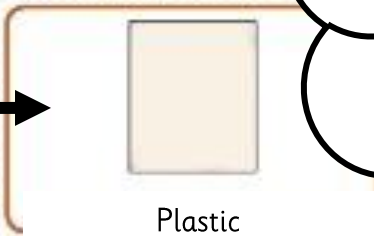

What am I made from?

Metal

What am I made from?

Plastic

In EYFS you named a variety of everyday materials.

In year 1, you will investigate the features and properties of different materials and the reason for their uses.

Key Vocabulary

Materials

What objects are made from.

Reflective

When light shines back from an object (like a mirror).

Opaque

When light cannot travel through an object.

Transparent

When light can travel through an object (like a glass window)

Did you know that the moon is reflective?

The moon reflects light from the sun.
