

The Victorians

The Victorians were people who lived in the United Kingdom a long time ago. They got their name because the Queen at that time was called Victoria.

Queen Victoria became Queen in 1837 and reigned for over 60 years until 1901.

In EYFS you learnt some similarities and differences between things in the past and now.

In year 1 you will identify and describe similarities and differences between different periods.

Key Vocabulary

History

The past

Past

Already happened

Present

Happening now
