#### Maths task:

We have been learning about the numbers 0 to 5. Play this game: get 5 items each (such as coins, socks, lego bricks) and get the numbers 1 to 3 (attached). Put the numbers face down and ask your child to pick a number. They give you that amount from their 5 items. Now it is your turn to pick a number and give your child that amount from your items. Carry on until one of you has 0 items. The person who gets to 0 first is the winner!

# Physical task:

Sing the song 'If You're Happy and you Know it' and join in with the actions. If you're happy and you know it - BBC Teach Can you make up your own version of the song? You could add in any action such as running on the spot, curling into a ball, doing star jumps. 'If you're happy and you know it, do star jumps' etc.

#### Next week:

We will be thinking about where we can find snow and what we would find there.
